PRESIDENTS'

★ DAY ★

February 21, 2022

For more information on Presidents' Day, visit:
WhiteHouse.gov

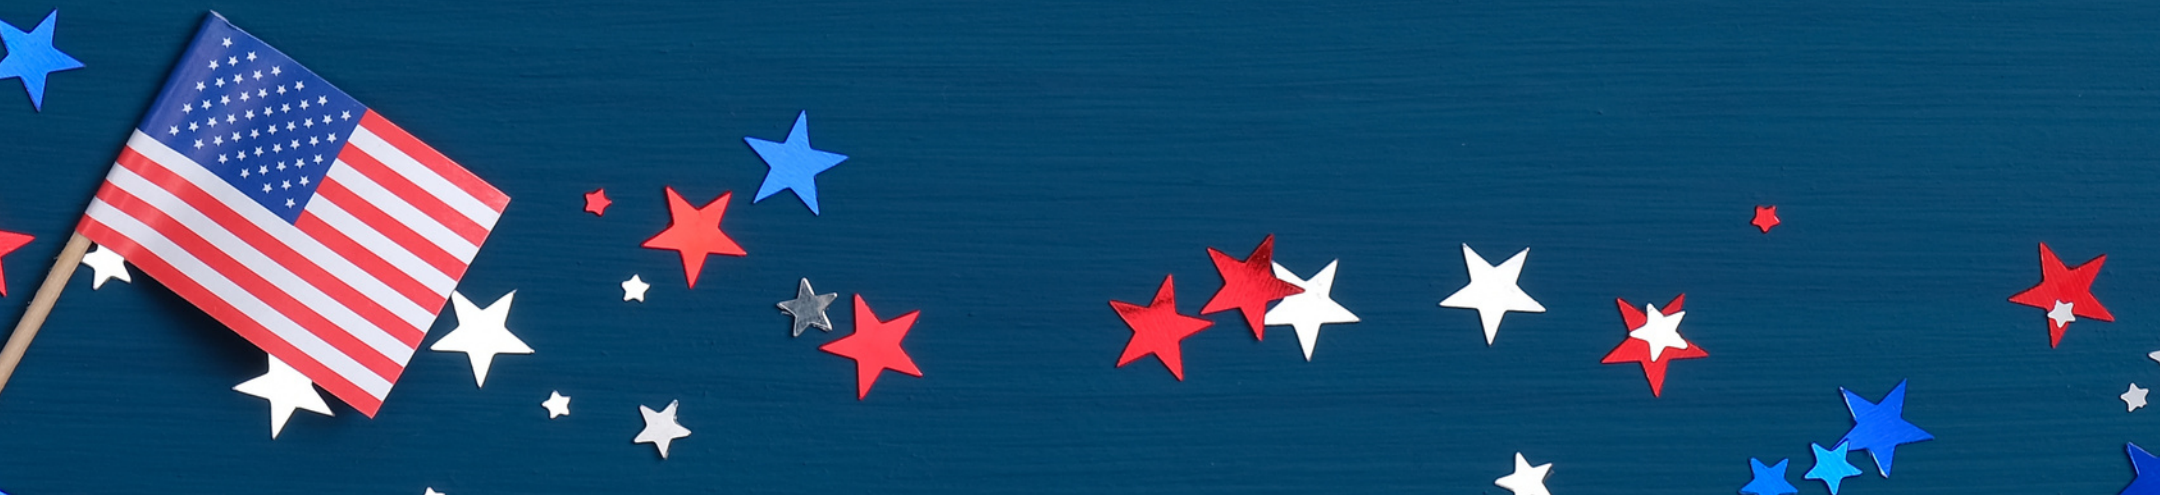

Originally established in recognition of President George Washington, every third Monday in February, we celebrate Presidents' Day. While several states still have individual holidays honoring the birthdays of Washington, Abraham Lincoln, and other figures, Presidents' Day is now popularly viewed as a day to celebrate all U.S. presidents, past and present.

Did you know?

Presidents' Day never falls on the actual birthday of any American president. Four chief executives—George Washington, William Henry Harrison, Abraham Lincoln and Ronald Reagan—were born in February, but their birthdays all come either too early or late to coincide with Presidents' Day.

Tips for a COVIDSafe Celebration

- Get vaccinated and stay up to date on your COVID-19 vaccines.
- Clean and disinfect high-touch surfaces daily.
- Continue to wear the most protective mask you can, when inside public spaces or areas with high numbers of COVID-19 cases.
- Consider using a COVID-19 self-test before joining indoor gatherings with others who are not in your household.
 - If you test positive, isolate and wear a well-fitting mask if you must be around others.
